DEATH PENALTY BY LETHAL GAS TO BE APPLIED

Hughie Sing, Carson City Chinese, born, reared and educated in that city, and son of a well-known laundryman, and Gee Jon, both members of a Chinese tong, must die by lethal gas, according to the sentence imposed upon them at Hawthorne by Judge J. Emmett Walsh of the Mineral county district court.

Sing and John were convicted of the wilful murder of Wong Wee at Mina several months ago. The trial was held in November, and the evidence showed that Sing and John rented a taxi at Reno and drove to the outskirts of Mina. There they left the car, it is alleged, and went to the cabin of Wong Lee and shot him to death.

Attorney J. M. Frame, of Reno, who represented the convicted men, gave notice of appeal to the supreme court after motion for a new trial had been denied by the court.

Visit Butler's Soft Drink Parlor. We serve soft drinks, candies, cigars, tobacco, fruit and tomatoes. Located at intersection of Main and Florence avenue, next door to Chiatovich & Beko's old stand. Adv.

IMPROVEMENT NOTICEABLE IN MANY SECTIONS

Conditions throughout the various mining districts of Nye and Esmeralda counties continue to show considerable improvement, and with the advent of spring it is freely predicted that the mining revival will be general and that no section will be overlooked in the desire to uncover precious metals in commercial quantities. The prospector is making ready to invade the outlying districts, while we frequently hear of development that will be undertaken as soon as the weather conditions permit.

There are four sections that give promise of splendid results during the coming summer. Royston looks over that district, and to show a great deal of life is a result of the numerous surface day mining prospects of development. Recoveries that have been made, accounts will in doubt become a reality. Levels, places during the early spring, a score of the fact that two mines are ready to enter the producing line. A score of the fact that two mines are ready to enter the producing line. A score of the fact that two mines are ready to enter the producing line.

In Tonopah the activity of the larger mining companies is well up to the standards, and the four big mines—Extension, Belmont, West End and Tonopah Mining—are producing heavily of average grade ore, which assures the treasury of each individual company being enriched to a material extent. The smaller properties, such as the MacNamara, Montana, North Star, Rescue-Edna, Midway, New California, Tonopah and the Cash Box, the latter property now controlled by the Tonopah Extension, are receiving well merited attention, and shipments of good grade ore are being maintained. The truth of the matter will be best evidenced from month to month as the production is swelled with a view to increasing the earnings of all operating companies.

The Divide district is gradually regaining its former standing as the home of coming big mines, and the wonderful showing that has taken place in the Tonopah Divide workings, where enormous bodies of ore are exposed, has stimulated matters in that particular locality. As a result there are several properties that will unquestionably be entered among the list of shippers during the spring and summer, most notable of which are the Gold Zone, Tonopah, Belmont, Kernick, Belcher, Brougher, Divide Extension and Hasbrouck. The fact that the water level in the Tonopah Divide shaft will probably be reached within the next 200 feet, or at a depth of around 1,500 feet, means much for the future. It is going to result in a large and modern mill being constructed to treat the great bodies of mill ore worth from \$8 to \$15 which are being blocked out in the mine workings, not to mention the fact that other properties will be favored through the treatment of ore on a custom basis.

All things taken into consideration, and in view of the fact that a number of important mining transactions are most likely to be consummated during the next few weeks, will greatly stimulate conditions in a general way, and bring an abundance of capital into southern Nevada to assist in the development of our mineral resources.

BELLEHELEN MINE TO BE DEVELOPED

Preliminary to a more extensive campaign of development, a couple of men were put to work this week at the Belle Helen mine in the Belle Helen district, one of the oldest producing mineral sections in Nye county. M. M. Green, who has been here for the last month, was a visitor to that property the first of the week and at that time started operations in a small way.

If you like to dance to real music then be present at Eagles' hall Saturday night. Of course "Dutch" Helmick will rap the piano. J27-9

PERSONAL

J. E. SWEET, who is interested in mining property at Belle Helen, is spending a couple of days in Tonopah.

FRANK DOHERTY, old-timer of Belle Helen, has returned to that district after a visit of a few days in Tonopah.

MRS. CHARLES SOUTHWORTH, who has been visiting relatives in California, has returned to her home in Manhattan.

J. W. STODOLSKY, consulting engineer, who makes his business visits to Tonopah.

KENNETH S. CHAFFE, director of publicity of the U. S. veterans' bureau, of the Tonopah district, left as soon as the weather conditions permitted.

ALBERT KELLY, superintendent of the Ben Hur Mining company, promoter of splendid results during the coming summer.

BEN D. LUCY, from Horsham, is a result of the numerous surface day mining prospects of development.

W. J. HARRIS, of Seattle, Washington, is a visitor in Tonopah, and is ready to enter the producing line.

W. D. FOSTER, vice-president of the Tonopah Extension, accompanied by his wife, is the southern part of the state, on an arrival in Tonopah this week.

W. H. SMITH, traveling representative for H. H. Smith & Sons, Cabin Valley, Eden Creek, Silver Lake, and various other places in the Tonopah trade to other sections.

AMUSEMENTS

ELAINE HAMMERSTEIN AT BUTLER THEATRE TODAY

For those who want a sure-fire success for the blues, "The Way of a Maid" starring Elaine Hammerstein, provides it in this delightful light comedy drama.

In the capital role of Nadia Castleton, orphan and society heiress, she returns from a fancy dress ball attired in her customary of parlor maid. Seen thus in the outer hall of the apartment by Tom Lawlor, Nadia is ordered to fetch a supply of bath towels.

Seen by the humor of the request, Nadia plays the part and provides the towels. One thing follows another, until young Lawlor, pursuing an affair with the pretty maid, finds himself completely in love with her.

In the role of her former achievements, Elaine Hammerstein establishes herself as a professional actress, and the private life of the stars, and "The Way of a Maid" provides today's success.

There are many well-dressed persons moving about the street in finery which doesn't belong to them, but is being shown in the hope that they may get an offer for it and have a chance to earn a commission.

Improved cafes which are springing up everywhere under the direction of members of the former bourgeoisie are frequently furnished with elaborate upholstered chairs and divans from some once grand drawing room. The walls are lined with oil paintings and tapestries. The procuring frequently bears the crests of famous families. It is all for sale.

The cultivated waitresses are frequently money-changers who will buy foreign exchange or undertake any sort of business commissions.

Recently, a party of Americans, including several women, attended a mass at one of the famous churches in Moscow. When the priests in their gorgeous gold gowns marched through the mass of standing worshippers one of the men warned the women: "When those priests pass you don't take hold of their robes and ask 'Solka'."

Dr. Mudge announced that the number of communicants of the church now exceeds 1,500,000. This, he announced, is a gain of more than \$5,000 over last year. The church also has more than 1,400,000 Sunday school members.

Contributions during last year, Dr. Mudge said, exceeded \$47,000,000, of which more than \$42,000,000 was spent for foreign missions, \$3,701,000 for home missions and more than \$1,000,000 for education. The Presbyterian church has 9,979 ministers of the gospel.

SHOLKA BUYS ANYTHING IF YOU PRODUCE

(By Associated Press) MOSCOW, Jan. 27.—"Solka"—how much?—has become a general term of salutation in Russia. Everybody is buying and selling. There is practically nothing which cannot be bought if sufficient money is offered.

Trade is not confined to the market places. It is carried on everywhere in the streets. It isn't had manners to stop a man on the street and ask him how much he wants for his beaver cap, or his astrakhan-trimmed overcoat. No woman takes it as an affront to be asked how much she will take for her sable stole or silver purse.

There are many well-dressed persons moving about the street in finery which doesn't belong to them, but is being shown in the hope that they may get an offer for it and have a chance to earn a commission.

No getting away from it!

MEN are experiencing a new kind of cigarette enjoyment—with Chesterfields. They are getting

—a more delicious taste
—a more pleasing aroma
—and on top of this, Chesterfields are giving them an extra enjoyment—

Chesterfields satisfy. They give to your smoking a feeling of "completeness"—a smoke that is "all there."

It's the blend! It's the Turkish and the Burley and other choice home-grown tobaccos blended in a new way—a better way—to give you every last bit of their flavor.

No getting away from it—Chesterfields are in a class by themselves!

They Satisfy
—and the blend can't be copied
